⇒ **SPEAK OUT** against the new state law
giving the Charter school lobby control over
public education in New York City

The new state law gives charter schools preference for space in our public schools or forces the city to pay rent for their private space – even as Success Academy charters raised \$7.5 million in a single night.

Meanwhile, our children suffer in vastly overcrowded schools that are in disrepair, with large class sizes, in trailers, or on waiting lists for Kindergarten, with an underfunded capital plan.

Come speak out against these unfair provisions pushed through by the Governor. After the press conference at 10 AM, the City Council will hold a hearing on charter's lack of accountability.

Enough!
